MOHSIN AHMAD

Software Engineering Student | Frontend Web Developer

About me

Motivated Software Engineering student at Islamia College Peshawar with a strong academic record and an interest in frontend web development, software engineering, and business intelligence. Familiar with HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, Microsoft Excel, and Power BI. Interested in developing responsive, user-friendly web interfaces and interactive business intelligence dashborads. Eager to apply technical knowledge, creativity and problem-solving abilities to practical projects and professional opportunities while continuously improving technical skills.
